2 University Order No.Acad/B2/2019/101/22033 dated 26/02/2021
3 Minutes of 139th Academic Council meeting held on 31.03.2023

ORDER

As per University Orders read (1)&(2) above, the guidelines for publishing research works of Master's and PhD programmes were issued. As per the same, the students need to submit proof of acknowledgment of article at the time of submission of thesis for Master's programme.

The number of quality research papers published under the name of the University in an year is an important parameter in the ranking process of many agencies including NIRF and ICAR and hence it is important to significantly improve the quality as well as the number of peer reviewed papers being published annually from our university.

With a view towards the above and also to enhance the visibility of the University in the academia, a resolution was placed in the 139 th Academic Council for insisting on “proof of acceptance of a research paper from the research undertaken as part of the MSc/M.Tech programmes” in a quality journal rather than mere “proof of submission of a research paper” .The Council has approved the proposal.

In consonance with the decision of the Academic Council,the following orders are issued.

The students will submit the “proof of acceptance of a research paper from the research undertaken as part of the MSc/M.Tech programmes” in a UGC/KAU/ Indexed high impact journal instead of “proof of acknowledgment of a research paper” while submitting PG thesis for final result notification.

All other guidelines issued in this regard will remain unchanged.
